

The Importance of Or-Ion Nano Minerals

Or-Ion (ORganic, IONic) Minerals are absolutely essential to human health. With the right combination of minerals in your cells, you can be protected against many common and devastating diseases.

“It is not commonly realized that vitamins control the body’s appropriation of minerals, and in the absence of minerals they have no function to perform. **99% of the American people are deficient in minerals, and a marked deficiency in any one of the more important minerals actually results in disease.** Lacking vitamins, the system can make some use of minerals, but lacking minerals, vitamins are useless. The alarming fact is that the foods—fruits, vegetables, and grain—now being raised on millions of acres of land that no longer contains enough of certain minerals are starving us...no matter how much of them we eat.” (Excerpts from **U.S. Senate Document #264**, published by the 2nd session of the 74th Congress in **1936**.)

“The most neglected area yet to be fully researched is the subject of minerals and trace minerals. This is remarkably curious as minerals and trace minerals are the **very building blocks of all life forms**. Through erosion and poor farming practices, the soil has become nearly exhausted of these vital elements.” **Dr. D.W. Cavanaugh, M.D. Cornell University.**

Fifty-six years after Senate Document #264, the World Health Organization documented the **decline of nutritional minerals in farm and range soils**...North America was last in the report with **soil 85% depleted**.

Or-Ion Minerals Solves Nutritional Quandary

Or-Ion Minerals, S.E.T. Infused, extracts minerals from several different deposits throughout North America. These deposits are pure vegetation compressed hundreds, even thousands, of years ago void of toxins and heavy metals. Or-Ion selects only those deposits from which **Organic minerals** are extracted preserving their purity and life giving properties. Since these minerals are **Organic** they are naturally **Ionic**. That is, they have a natural frequency the human cell recognizes as nutrition. **Or-Ion Minerals** are the very essence of **OR**ganic, and naturally **ION**ic minerals, the very building block of all life forms!

Or-Ion Minerals are composed of:

(1) The best sources of BULK minerals, those mineral deposits in which Magnesium, Chloride, Potassium, Sodium, Sulfur and Calcium are found in proper form and proportion. They are 100% **Organic** and naturally **Ionic**.

(2) The most concentrated and active (**Ionic**) beds of trace minerals such as Selenium, Copper, Silver, Iridium and 64 other trace minerals essential for good health. Our trace minerals are extracted from 4 different deposits of rich compressed **Organic** vegetation.

(3) Relatively young deposits of vegetation in which both metabolic enzymes (34 enzymes) and amino acids (18 aminos) are still active.

(4) Fulvic Acid(s) from pure lignite, devoid of toxins commonly found in humic deposits. Fulvic Acid(s) are the most complex molecule modern science has discovered and is absolutely essential in distributing **Organic** and naturally **Ionic Minerals** directly to the inner cell; hydrating the inner cell and providing essential nutrition (frequency) to the mitochondria.

(5) All of these minerals are then scientifically formulated to exact the best properties out of each source exponentially increasing their effectiveness while not compromising the properties of the other compatible sources.

(6) Finally, **Or-Ion Minerals** are infused with Specific Frequencies to enhance energy, clarity of mind, and optimize oxygen usage.

There does not exist a more complete nutritional product.

Or-Ion Minerals, formulated on the principles that:

Minerals must be 100 % Organic.

Minerals must have natural Ionic frequency.

Minerals must be nano in size and liquid in form.

Minerals must be 100% Bio-available.

Minerals, any nutrition, must be accompanied with amino acids and enzymes.

Minerals must be chaperoned with Fulvic Acid(s).

All of the above must be in your mineral supplement or they are just another heavy metal in your body.

Or-Ion products, not perfect... just the Best!
